BORDEAUX ROSE

2019

VINTAGE

The 2019 spring was pretty cold. But summertime was very hot and dry. At the end of August and the beginning of September, we had late rain which then allowed the vine to achieve its optimal maturity.

VINEYARD

Château La Peyruche is located on beautiful hills overlooking the Garonne. This wine comes from an « assemblage » of plots with gravelly red and clay-limestone soils. Since the beginning of 2019, the vineyard has changed to a complete organic viticulture.

GRAPE VARIETIES

This wine is made from Merlot grape variety.

VINIFICATION

The grapes are harvested when the aromatic maturity is reached. After settling, the fermentation is then conducted at a low temperature to preserve all the fruity character of this wine.

TASTING

The color is pale and bright. You will appreciate its aromas of fresh fruits, strawberries and raspberry, but also notes marked with fruity candies. On the palate, this rosé expresses all its freshness and its aromatic intensity.

FOOD AND WINE PAIRING

To drink cool (10 to 12 ° C). It will be a fantastic accompaniment for your barbecues and appetizers.
